

## MANLY YACHT CLUB

Manly

With views across the harbour and Manly wharf, the large balcony is a popular place for holding weddings, parties and events. At night the lights from the boats on the water provide a beautiful ambience that makes this place so attractive.

Seating can be arranged inside or out with the deck a popular place for guests to mingle.

For weddings, the paved area to the side of the venue is popular for ceremonies with the boats and water as the backdrop. Drapes can be arranged for the walls inside hall as well as outside through the rungs of the balcony; depending on the style of wedding you would like.
